

MAYDAY MAYDAY MAYDAY:
Stop Addiction Now

This event is sponsored by local businesses, churches, musicians, families and professionals. The community volunteers from our different counties are committed to help get the word out about substance use disorder.

MAYDAY will educate the public about substance use disorders, thus breaking the stigma and shame associated with addiction.

The event provides knowledge and education through guest speakers, music, informational booths and more. People in recovery will be on site to help share how recovery has helped them break the chains of addiction.

- **Resources for those with Substance Use Disorders;**
- **Resources for the families and friends;**
- **Recovery Strategies for Sober Living.**

DID YOU KNOW?

- Just a 7 day prescription of Opiates drastically increases the likelihood of someone developing a Substance Use Disorder.
- For those under age 50, drugs/alcohol are the #1 cause of death.
- 50% of the Opiates used by kids come from our medicine cabinets.

The Good Samaritan Law allows you to call the police if someone is overdosing and provides limited immunity from arrest or prosecution for minor drug law violations for people who summon help at the scene of an overdose. It protects the victim and witness.

STOP ADDICTION NOW
